Stephen Saunders, John Manning and Des Manning

CLUB'S UNIQUE MILESTONE - THE END OF AN ERA

Great Chishill Cricket Club sprung a surprise presentation on three of its retiring officers who between them have clocked-up **132 years of service** to the club.

Des Manning had been in office for a staggering 64 years as Treasurer. **John Manning** was Chairman for 39 years and **Stephen Saunders** was secretary for 29 years. Between them, they have overseen the smooth running of the club and also raised funds to build a new cricket pavilion in the 70's and then refurbish it in 2001.

To celebrate this achievement and thank them for their valuable contributions and dedication to the Cricket Club, President Peter Wiseman presented each of them with an engraved clock as well as giving them life membership to the club (an honour that has never been bestowed on anyone in the past).

Chairman, Andrew Drury masterminded the occasion and said, "We felt that this was such a unique milestone in the club's history and it deserved recognition. Des, John and Steve had no idea that the presentation was to honour them and they were truly taken aback. We will greatly miss their support and enthusiasm".

The presentation took place at The Pheasant on Saturday 19th July and was attended by around 70 members of the club (including players and vice-presidents).

Great Chishill Cricket was formed in 1870 and their home ground is on the playing fields in Great Chishill. It currently regularly fields two teams and has 150 Members.

MATCHES REPORT

Great Chishill Cricket Club had mixed fortunes during the first three months of the season.

The first eleven started well with three straight wins, immediately followed by three defeats. However, at the time of writing, the side has just moved to the top of the table and sits proudly above the likes of Linton, Sawston and Chatteris, all places with much larger populations than this small village.

The second team has had a disappointing season with seven defeats and just a solitary victory over fierce local rivals, Elmdon. On a more positive note, some very talented young players are learning the game (albeit the hard way) under the watchful eyes of their seniors - in fact one very experienced member is rumoured to have qualified for a bus pass! There is still much to play for in August so watch out for the September issue to discover how the season finishes!

WHAT TO DO IF THERE IS A RAVE

With the lighter nights and
the better weather, now is
the time of year when
certain members of our
society may wish to set up
a rave on land within
South Cambridgeshire.
If you witness anyone you
suspect in the process of
setting up a rave or a rave
is already in progress, I
would ask that you
consider doing the
following;

1. call police on 999, give
the operator the location of
the venue and if possible
the name of the landowner
2. if you are able to do so,
give the police operator an
estimate of the numbers of
vehicles/ persons
attending the venue
3. if able to do so, record
the registration numbers of
any vehicles at the

location

4. call the environmental
health department at South
Cambs district council on
0845 0450500. Police officers
will be despatched by the
control room. Those officers
will update the control room
with further information and
the police response will be
based upon that information.
Mark Kathro PS 1322

There have been 9 dwelling
burglaries in a fairly small
geographical area of South
Cambs there have been 3
dwelling burglaries in
Barrington, 2 dwelling
burglaries in Harston and 4 in
Hauxton. In all of these
offences entry was gained by
insecure doors or windows.
The majority of the offences
occurred overnight between
00.00 and 0700.

Please be mindful to secure
both rear and front doors and,
if you have them, to use the
window locks before retiring
for the evening.

If you would like any advice on
home security, please do not
hesitate to get in contact with
the Neighbourhood Policing
team.
