WHO'S NEW?

Great Chishill is fortunate to find another young couple in its midst.

Andrew Bowyer and Helen Gall moved from London into their house on Barley Road in March, They are getting married in August in Helen's native Wensleydale, so if there's anything you need to know about its famous Yorkshire cheese, you need only ask.

They met at Liverpool University as graduates then Andrew went on to become an Insurance Broker and Helen a Software Developer. On their travels they were impressed by India and Cambodia. Andrew is a golf and football enthusiast and they both keep fit by cycling from Audley End. So far, their week ends have been taken up by visitors but they have already discovered the delights of the Wine Circle where a youthful face is always most welcome as in the rest of the village.

WI Summer Meeting

at Smith's End Lane

19.30

THE FIRST GREAT CHISHILL MIDSUMMER BALL

A marquee was briefly snuggled up next to the village hall for the night of 21st June to house the midsummer celebrations of inhabitants of the Chishills and surrounding villages.

Beautifully dressed figures were seen walking up to the village hall and playing fields to where

Sam Smith sang during the champagne reception. Guests then moved into the marquee to find their places at their tables where they were served a three course meal. It was wonderful to see so many of the village teenagers serving there.

After the meal, dancing to **Frank the Cat** and his band enthusiastically got underway on the packed dance floor.

The whole affair was brilliantly organised by Tracey and Barry Greeman, Jeff and Hazel

Gill, Alan Ferrie and Gill Crutchington who wish to thank Dawn Jaffray for organising the catering and her fantastic staff.

Thanks are also due to the local organisations who donated such wonderful raffle prizes as well as to those of you who were able to come and support the efforts of the organisers to make such an enjoyable and successful evening.

Final figures are not yet in, but it is hoped that **an approximate profit of £2000 was made on the night for village organisations.**

Watch this space later in the year for an update on how the money is to be distributed.

It has been proved yet again that it's possible to have fun and make money for the village at the same time □

THE HANLEY GRANGE DEVELOPMENT

Unfortunately, the editor received information on the campaign against this development too late for the June issue of the newsletter.

Hanley Grange, a brand new eco-town, is proposed to be built near Hinxtton, concreting over green fields when, according to the Federation of Master Builders, there are 675,000 empty homes in England which could be refitted with green technologies.

The government needs to hear what you think about the proposed 8,000 houses at Hanley Grange. Please write to the [eco-towns team](#) and tell them what you think about the proposals.

For more information go to www.stophanleygrange.org.uk
